Reason(s) for Excision:

Five excisions are required to the video recording. These are to remove sexual conduct that is violent and coercive, and other sexual conduct of a degrading, dehumanising and demeaning nature. They are also to reduce the degrading, dehumanising and demeaning manner of the video recording's presentation of women overall. The elements described accumulate throughout the feature, mostly through the sustained scenes of women and men being subjected to forceful penetrations and other degrading and demeaning sexual conduct with little care or respect for their well-being. The treatment of the participants purely as sex objects in this manner is degrading and dehumanising, as are the protracted close focus shots of the women's genitals during sexual activity. These shots build to a high degree in several of the trailers that appear at the end of the feature.

Approved components of film after excision:
